

Your CCV Office 365 Email Account

Please start by navigating to <http://mail.o365.vsc.edu/> with your preferred browser. You will also find links to your email account in the portal on the upper left side, in the Student Resources section and on the CCV public page in the footer.

Enter your normal CCV user id and password at the VSC login screen and you'll be directed to your CCV email inbox. If you happen to already be logged in to the portal or Moodle it will skip right over the login page.

If you would like your **CCV email forwarded to another account** you can do so by clicking on the gear icon in the upper right corner and then choosing Options. Choose the Forwarding link and fill out the Start Forwarding section pictured below. Be sure to click Save.
